PROFESSIONAL SUMMARY

Analytical and detail-oriented Data Analyst with a Bachelor's degree in Business Information Technology and hands-on experience in data analysis, reporting, workflow development, and process improvement**.** Proficient in Power BI, SQL, and Excel for transforming raw data into actionable insights. Experienced in business process automation, data integration, and dashboard design. Strong problem-solving skills, adaptability, and collaboration experience, and passionate about strengthening evidence-based reporting and reducing manual spreadsheet dependency through automation.

CORE TECHNICAL COMPETENCIES

Data Analysis & Management

- Advanced Excel (Pivot Tables, XLOOKUP, Power Query, data cleaning)
- SQL (querying, joins, aggregations, structured datasets)
- Data validation, cleaning, and quality assurance
- Data modeling and KPI tracking

Dashboard & Reporting Tools

- Power BI (interactive dashboards, DAX basics, drill-through reports)
- Performance tracking dashboards
- Indicator monitoring & reporting templates

Monitoring & Evaluation (M&E)

- Indicator tracking, baselines, targets
- Log frames & results frameworks (practical exposure through projects)
- Performance reporting and program data analysis

Automation & Systems Improvement

- Workflow automation in reporting processes

- Structured documentation of SOPs and reporting processes
- Reducing manual spreadsheet dependency

Other Tools

- Microsoft 365 (Excel, Teams, SharePoint)
- Basic Python (data manipulation & automation concepts)

WORK EXPERIENCE

Fellow | SHOFCO, Kisumu, Kenya | Jan 2025 – Present

- Structured and cleaned program participation and resource datasets to improve reporting consistency.
- Designed automated Excel and Power BI dashboards to track KPIs, attendance, and resource utilization.
- Improved data validation processes, reducing reporting inconsistencies.
- Supported monitoring of program indicators and performance metrics.
- Drafted clear documentation for reporting workflows and data management processes.
- Provided basic data interpretation support to non-technical program teams.

Data Analyst Intern | Meri SKILL (Remote) | Dec 2023 – Jan 2024

- Analyzed HR and sales data for over 1,400 employees/customers, identifying trends and opportunities for improvement.
- Automated reporting and built interactive dashboards to track KPIs and workflow efficiency.
- Transformed raw datasets into actionable insights using Excel, SQL, and Power BI.

IT Intern | Menengai Oil Refinery, Nakuru, Kenya | May 2023 – Aug 2023

- Supported operational reporting and system monitoring processes.
- Assisted in documenting recurring technical workflows and system procedures.
- Contributed to improving structured reporting within IT operations.

PROJECTS

Sales & CRM Pipeline Analysis

Excel | SQL | Power BI

- Cleaned and modeled 10,000+ sales and CRM records across customers, products, locations, and sales stages
- Analyzed pipeline performance, identifying conversion rate variations of up to 18% across regions and product categories
- Built interactive Power BI dashboards with 5+ KPI**s**, filters, and drill-downs to track revenue, deal stages, and sales performance
- Identified sales funnel bottlenecks contributing to 12–15% potential revenue leakage, highlighting opportunities to improve deal closure rates

Post-Harvest Loss Analysis (Nigeria Case Study)

Excel | Power BI

- Analyzed 5,000+ agricultural records covering production volumes, spoilage rates, logistics, and environmental factors
- Designed a 3-page Power BI dashboard (Executive Overview, Environmental & Spoilage Analysis, Logistics & Best Practices)
- Identified top 5 crops and regions accounting for over 60% of total revenue loss
- Evaluated intervention impacts, showing potential loss reduction of 10–20% through improved storage, transport, and training strategies

Data Analysis Project | Meri SKILL

- Conducted HR and sales data analysis using Excel, SQL, and Power BI.
- Built dashboards to visualize trends, KPIs, and performance metrics for management use.

EDUCATION

Bachelor of Business Information Technology (BBIT) | 2020 – 2024
University of Eastern Africa, Baraton
Second Class Honors (Upper Division)

Kenya Certificate of Secondary Education (KCSE) | 2016 – 2019 Ogande

Girls' High School
